

# FASD RESOURCES

## Fetal Alcohol Spectrum Disorders Center for Excellence

The FASD Center is a Federal initiative through SAMHSA devoted to preventing and treating FASD. This Web site provides information and resources about FASD and materials you can use to raise awareness about FASD. Additionally, The Center is dedicated to providing training, technical assistance, and conference/event speakers.

## Tools for Success

*Tools for Success* is a training through SAMHSA to promote strategies to identify needs of youth with FASD and to develop and present more effective intervention strategies. The training curriculum is designed to help juvenile justice professionals intervene more effectively with juvenile offenders with FASD, but many strategies can be used to work with all individuals with FASD.
